FOUR FAILURES IN MUNICIPAL PLANTS

Indianapolis, Sept. 11. — Recent events are being used as an argument against municipal ownership in In-

diana. The electric light plant in Muncie is passing into the hands of a private company. The city of Marion is considering the proposition to light the streets at a lower figure than it is costing through municipal ownership. The mayor of Richmond, twice elected on a municipal ownership issue, recommends that the electric light plant be sold and that the city go out of the business, and the people of Logansport have appointed a committee to inquire into the feasibility of abandoning the lighting plant on account of the excessive cost to the city.

The charge in each of these cities is that the cost of lights is greatly in excess of what it should be and very much more than if the cities were being served by private corporations.

RAILWAY AFFAIRS

B. & O. Reduced Rates.

Official announcement is expected in a few days that the B. & O. road will reduce the passenger rate east of Pittsburgh, Wheeling and Parkersburg to 1-1-2 cents a mile, to meet the reduction in the Pennsylvania passenger rate east of Pittsburgh. It is also reported that the B. & O. may reduce its rates to 1-1-2 cents a mile through to Chicago and St. Louis, with the exception of Ohio, where the rate is two cents a mile. This means much more than appears on its face. In addition to giving a rate of 1-1-2 cents in Pennsylvania, the B. & O. also gives this rate to people of West Virginia and Maryland. In the first place, the concession of one-half of a cent a mile, if made to meet the Pennsylvania railroad's similar decrease for its lines east of Pittsburgh and Erie, which also

cause the Pittsburgh & Lake Erie-Lake Shore route between Pittsburgh and Buffalo to place into effect a two cent rate. In the second place, it is generally taken that the B. & O., like the Pennsylvania, makes this concession to forestall if possible, legislative action in Pennsylvania, West Virginia and Maryland for a flat two cent fare on all roads.

More interest than usual attaches to this move of the B. & O. because of its now being its own owner and dictator. It was expected that such action for the B. & O. east of Pittsburgh would be taken while the road was controlled by the Pennsylvania, but now the "Picture" B. & O. has come farther and is making a reduction on all its lines east of Columbus, Wheeling and Parkersburg. So far as Wheeling and Parkersburg were concerned, the company might have rested easy; and, for that matter, Grafton, Cumberland and other points are not competitive with the Pennsylvania. But the B. & O. may go farther than this and announce that 1-1-2 cents will be its mileage rate for tickets everywhere on its lines except in Ohio, where the rate will be two cents.

Railway Notes.

Circulars received in Columbus announce that about 500 men are wanted for construction work on the Western Pacific, the Pacific coast end of Gould's proposed transcontinental line. The B. & O. A. L. Stone company in charge of the construction, announce that wages will be \$2.50 per day for teamsters and \$2 for ordinary labor.

The Ohio railroad commission has decided to extend the time in which Ohio roads are to comply with the Ohio rate law to January 1. Permission is also given roads to put supplemental tariffs into effect upon ten days' notice.

The business outlook for the fall and winter indicates that the railroads will experience the worst car famine this year they have ever had. The B. & O. will have a special train from Cambridge to Columbus, en route to Toledo, September 25, with Knights Templar going to their convocation. The special will be delivered to the Hoekling Valley.

The Republicans failing to nomi-

high moral ideas, can expect little
other than defeat at the polls this fall.

The promise to secure appropriations
for a few public buildings will not
bolster up the intemperance and im-
morality of any candidate."—Wooster

The "full dinner pail" and "the
foreigner pays the tax" seem to
have dropped out of sight as Repub-
lican campaign arguments. The fel-

once appealed know from experience
the cost of filling the pail, and the av-

with the claim that the foreigner pays

What Ashbrook Stands For.

(Wayne County Democrat.)

Under the heading, "What Smyser
Stands For," the Wooster Republican
says:

"The fact that Congressman Smyser
is pledged to a continuance of the
prosperity that now exists in our
country should be sufficient cause to
insure his re-election. As yet, Mr.
Ashbrook, his opponent, has failed to
state whether he favors tariff for re-
venue only, or whether he is in favor
of tariff revision. Wayne county
farmers were never more prosperous.
They were never so well able to dis-
pose of their products and an enor-
mous harvest. In this country is al-
ready being disseminated to all parts
of the world."

We supposed that the partnership
that the Republican managers of
candidates had created, namely a
partnership between Republican can-
didates and Almighty God had been
asked the Creator whether or not
they were responsible for good crops,
but they have the nerve to stand up
and tell educated people trash like
the following: The enormous har-
vest is already being disseminated to
all parts of the world. They credit
this to Congressman Smyser. We
have never been able to find any
passage of Scripture that authorized
the taking of the Creator into this
partnership, especially in Wayne
county. In fact the preachers in
Wayne county are pretty generally
opposed to any such partnership. Is
Judge Smyser to be credited with the
great prosperity of Brazil, Argentine
Republic and Canada? They have no
tariff like the Dingley law in those
countries, and their enormous har-
vests are disseminated to all the
world. The 17th district was as pros-
perous under Democratic Congress-

man Cassingham, as it is under Smy-
ser and the farmer bought goods 30
per cent cheaper in many lines than
he does now. Under Ashbrook the
bounteous harvests and the prosper-
ity that comes from God Almighty will
fall just the same as it does under

ocratic candidate will be carried out.

Does Smyser Cause These?

(Ohio Democrat.)

Judge Smyser, in his speech at
Newark, accepting the nomination
for Congress, directed some ques-
tions on the state of the country to
Mr. Ashbrook, the Democratic nomi-
nee.

Among the questions asked was
whether Mr. Ashbrook did not think
the present prosperity of the country
is about the best that ever existed in
the nation.

Well, we might ask Mr. Smyser
whether, if, through the inscrutable
dispensation of Providence, Smyser
should be defeated, these conditions
would not remain? Has Smyser
caused the grain to grow, the rail-
roads to be built, the shops to do
their work?

These roads were being enlarged,
the shops were running before Mr.
Smyser took his seat March 4, 1905.
They will expand whether he is re-
elected or whether Ashbrook is elec-
ted. Neither of these men are abso-
lutely necessary to their successful
operation.

Mr. Ashbrook will not, if elected,
lay claim to the copious showers, the
sun's warmth, and the absence of
killing insects. He will likely ac-
knowledge that they are the favors
of a watchful Ruler who sends the
rain in its season, the sun to ripen
the grain and gives us suitable
weather to garner the crops.

This desire of Republican candi-
dates to appropriate to their political
benefit the kindness of a merciful
Providence is the result of a belief
that is absolutely indefensible.

BRYAN GOES ON SOUTHERN TOUR

AFTER VISITING A NUMBER OF
STATES HE WILL PLUNGE
INTO CAMPAIGN.

Best Way to Stand by President, He
Says, is to Elect a Democratic
Congress.

Lincoln, Neb., Sept. 11.—W. J. Bry-
an started on a tour of some of the
southern states after making an ad-
dress at Omaha, going first to St.
Louis.

Mr. Bryan spoke at the carnival
given by the Central Labor union at
Omaha. He avoided politics, devoting
his remarks to general labor topics.
He took a strong position in favor of
arbitration in labor troubles and in-
ternational disagreements.

After Mr. Bryan comes back from
his southeastern trip he will enter the
campaign in Nebraska and several
other states. Mr. Bryan said he feels
deeply interested in the Nebraska re-
sult, and praised the ability of the
men on the fusion ticket. Touching
the candidacy of Ashton C. Shallen-
berger, fusion nominee for governor,
Mr. Bryan said: "He is not only in
favor of the rigid enforcement of rail-
road regulation and the 2-cent pas-
senger fare, but he advocated govern-
ment ownership of railroads before I
did."

Mr. Bryan continued: "The election
in Nebraska is not only important be-
cause of its bearing on state matters,
but also because of its influence on
the next national campaign. The vote
this year will be taken as an indica-
tion of the trend of public sentiment.
We are entering upon a great fight
for the extermination of the trusts
and the protection of the public from
exploitation at the hands of the rail-
roads. The Republican party has
shown its inability to deal effectively
with these and kindred subjects.
Wherever the president has attempt-
ed to do anything he has been com-
pelled to follow the Democratic rather
than the Republican platform and the
Republicans in congress have not sup-
ported him. The Republican senate
emasculated his rate bill and a Re-
publican congress opposed his meat
inspection bill. The best way to stand
by the president is to elect Democrats
to congress, for the Democrats have
stood by him better than the Repub-
licans on the most important ques-
tions."

Bryan in Missouri.
St. Louis, Sept. 11.—William J.
Bryan, after spending the day in con-
ference with prominent politicians,
will deliver an address tonight at the
Coliseum. The seating capacity of
the Coliseum is 15,000 persons, and it
is expected that the great structure
will be filled, as it was during the
national Democratic convention. Mr.
Bryan was the guest of honor at a
luncheon attended by many of the
prominent Democrats of St. Louis and
Missouri.

JUDGE MAURICE H. DONAHUE

Labor Honors One Who Honors Labor—High Station is
Attained from Humble Start by Honest Merit
—What Labor Journal Says.

From the columns of the Zanes-
ville Labor Journal is reproduced
the following well merited endorse-
ment of one who is conceded by all
parties to be one of the most popular
and efficient judges that has ever oc-
cupied a position on the Circuit court
bench in Ohio:

"The Democrats of the Fifth Judi-
cial Circuit, comprising fifteen coun-
ties, have placed in nomination for
re-election to office of Circuit judge
that time tried and true friend of la-
bor, Maurice H. Donahue, of New
Lexington. Born on a farm in New
York in 1864, in his brief career on this

a mine or whatever honest toil he
could find. The age of 19 found him
the superintendent of the Corning
schools in his home county, in which
position he remained or two terms.
He was admitted to the bar in 1887,
and in 1887 was elected prosecuting
attorney of Perry county, and served
two terms in that office, leaving it
with a brilliant and one of the most
aggressive records ever achieved by
any one before or since. In 1900 he
was elected to his present position
on the Circuit bench, and all now con-
cede his eminent qualifications as a
dispenser of justice.

In this brief retrospect of the gen-

JUDGE MAURICE H. DONAHUE.

earth he has known all the vicissi-
tudes of life, but by overcoming them
he has risen by his own efforts to the
proud eminence he now occupies, a
judge on the bench of the Circuit
court of this circuit. Five years of
his first term have passed and so
well did he perform the duties that
his party unanimously tendered him
a reappointment in the city of Newark
on the 19th of June last.

"From a labor standpoint no better
selection could have been made.
From the time he was able to take up
the cudgel in behalf of his widowed
mother he has been a busy life.
From the farm to the stone quarry,
thence into a coal mine, and in his
leisure moments storing his mind
with useful knowledge that he might
shine among men as one of the best.
His career has been constantly onward
and upward. At the age of 16 he
was a teacher of a country school in
the winter months, while in the sum-
mer time he earned what he could in
a tannery."

The readers of the Labor Journal
should weigh well these points, and
when election day arrives not fail to
put an X mark before the name of
that sterling workman, Maurice
H. Donahue."

NOT MAD,

As Her Husband Said, and Former
Ohio Woman, on Her Release,
Demands a Divorce.

Omaha, Neb., Sept. 11.—Miss Anna
Sultz has filed in the District court a
petition for divorce from Jasper Sultz,
to whom she was married at Prague,
Bohemia, in 1872 and with whom she
subsequently lived in Springfield, O.
Mrs. Sultz was recently confined for
several weeks in the county hospital
on an insanity charge preferred by
her husband. Sultz' action in send-
ing her there aroused the indignation
of her neighbors, who secured her re-
lease by habeas corpus proceedings.

In her petition, Mrs. Sultz alleged
that she gave her husband \$800 to
establish a shoe store and that in re-
turn for this he struck her and drove
her from home. She yesterday se-
cured an order restraining him from
disposing of the property in his name.

WHY SUFFER FROM INDIGESTION

When Dr. Jackson's Digestive and Liver
Powders are guaranteed to cure Indi-
gestion and all attending ills. Indi-
gestion is the cause of nearly 95 per
cent of all human ills, such as rheu-
matism, catarrh, neuralgia, headache,
backache, gastritis, bowel trouble and
kidney diseases. Why our remedies
cure—first because they contain every
ingredient needed for the weak diges-
tive organs in proper proportions, sec-
ond, because they are in powder form
and digest as soon as they reach the
stomach and give immediate relief.

You will feel relieved from the very
first dose. If you are bothered by indi-
gestion, ask your druggists for sam-
ple and be convinced we are telling
you the truth.

A GOOD WORD

from Mr. J. Butlinger of Massillon, O.,
says that he was a sufferer from indi-
gestion, stomach trouble and dropsy
for more than two years and after a
trial of the Jackson Remedies, would
not be without them for one hundred
times their cost. For I got relief from
the first dose that I took. The reason
our medicine cured Mr. Butlinger was
that our powder digested his food af-
ter each meal, and was not allowed to
lay in the stomach until it fermented,
and formed sour gases which caused
all his trouble. On sale by all drug-
gists, or sent direct on receipt of price.
Price 50c and \$1. If you want free

REV. J. B. BOVEY AT CONFERENCE

DOUBTFUL WHETHER THE POP-
ULAR PASTOR WILL BE RE-
TURNED TO NEWARK.

East Newark Church Has Grown and
Prospered Under His Six Year
Pastorate.

Rev. J. B. Bovey, pastor of the United Brethren church of East Newark, has just completed his sixth year as pastor of that congregation, and he left Tuesday for Columbus, to attend the annual conference of the South-eastern Ohio district. Rev. J. S. Mills is the presiding bishop of this conference.

In conversation with an Advocate man, Rev. Mr. Bovey stated that in his six years of his pastorate here, the church had collected for all purposes, \$12,673.36. When Mr. Bovey first took charge of the church here, there was a small membership and the church was heavily in debt. Since that time 236 members have been received into the church. Rev. Mr. Bovey has baptized 145 persons and preached 102 funeral sermons.

The present year will in many respects prove more successful than any of the previous years. During the year the church has raised for foreign and home missions \$205. The books will be closed up this year with all expenses paid and nearly \$80 remaining in the treasury and only a very small debt remaining unpaid.

Mr. Bovey, as well as the congregation, feels very gratified over the success of his six years' pastorate and it is hoped by many that the conference will see fit to return him to this city.

Mr. Bovey stated that he hardly expected to be returned, though it was possible that the stationing committee of the conference will do so. Mr. Bovey stated that he had received several requests to locate in other cities but the matter was entirely in the hands of the committee who station the pastors at the conference meetings.

With that old enemy of the race, Constipation, often ends in Appendicitis. To avoid all serious trouble with Stomach, Liver and Bowels, take Dr. King's New Life Pills. They perfectly regulate these organs, without pain or discomfort, 25c. at F. D. Hall's, druggist.

Needed Improvement.

The north entrance to the fair ground is of great importance to people who drive to and from the fair, and the street or road south of the steam railroad is in an almost impassable condition. Could not the Board of Public Service of the city join the township trustees and directors of the agricultural board and put this short piece of driveway to our beautiful fair ground in good condition before the coming fair? BRAWL ENDS SERIOUSLY.

Coshocton, Sept. 11.—As the result of a drunken brawl, Charles Moore, a farmer, is seriously wounded and Burchfield Moore lies in the county jail awaiting arraignment on a charge of shooting with intent to kill. The injured man was shot through the neck but will recover. An argument as to who should pay for some drinks is said to have precipitated the trouble.

SUIT AGAINST CITY FOR BIG DAMAGES

ACTION GROWS OUT OF INJURY
SUSTAINED BY CLARENCE
C. SHARP, APRIL 19.

Sarah Brickland Begins Suit for In-
junction. Officers of City Appointed.
Partition Suit Filed.

Clarence C. Sharp, by Edward C. Sharp, his father and in fact, has commenced suit against the City of Newark for \$15,000 damages.

Plaintiff says that on April 19, 1906, Clarence C. Sharp, aged 11 years, attended school at the public school on Woods avenue, and had started home, passing along a board sidewalk which was in a defective and dangerous condition; that he was unaware of the rotten and decayed condition of the walk, and while endeavoring to avoid a dangerous hole in the walk, he stepped upon a loose board, which flew up, throwing him violently down upon the ground and boards of the walk, cutting and bruising his body and fracturing his right arm. He says that although he has had the services of skilled physicians since April 19, 1906, the bones and ligaments of the broken member have refused to properly knit and heal; that his right arm will not bend, and he has lost nearly the entire use of the arm, and is disabled for life. The plaintiff says he has been compelled to expend large sums of money for medical and surgical services rendered in his efforts to regain his health and the use of his arm. He therefore asks damages in the sum of \$15,000, for which amount, with interest from April 19, 1906, he asks judgment against the defendant, City of Newark, attorneys for plaintiff.

Asks For Injunction.
Sarah E. Buckland has commenced suit in the Common Pleas court against the Columbus Natural Gas Company in which she asks for a temporary order of injunction, restraining the defendants from using a drip line for the purpose of blowing out any salt water or from allowing any gas to escape through the same, and that upon the final hearing of the case that the temporary order be made perpetual, and that a mandatory injunction may then be granted commanding the defendant to remove the spur from the premises of the plaintiff, and for all proper relief.

The plaintiff, in her petition, says that she is the owner of real estate in Union township. That defendant, pursuant to a contract with the plaintiff, laid a pipe line from the Pataskala and Newark road south to the south line of the south portion of the land, located about 100 yards west of the buildings and residence of the plaintiff. She says that defendants, on Sunday, September 9, 1906, without any right, or title, and without her consent, connected with the pipe line a pipe or spur. Said spur or connecting pipe is called a drip, and is used in the business of conveying natural gas by a system of pipes to blow out of pipes, by means of the pressure of the gas, the salt water which collects in the pipes; that when the salt water is blown off the force of the escaping gas tears out great holes in the ground, and will so tear out plaintiff's ground, and large quantities of gas escapes, polluting the air and becoming dangerous to life and property; that the defendant intends and will, unless restrained by the order of the court, so use the drip pipe, to the great and irreparable damage of the plaintiff. Johnson & Slabaugh and Jones & Jones, attorneys for plaintiff.

The temporary injunction as prayed for was granted by Judge C. W. Seward.

Appended to Common Pleas.
In the case of Harry H. McConnell vs. Margaret C. McConnell, suit for divorce and alimony, in which the petition was dismissed by the Probate court, and \$30 a month alimony granted defendant and the care, custody, education and control of the child, the plaintiff has appealed the same to the Common Pleas court.

Partition Suit.
John A. Chilcote has commenced suit in the Common Pleas court against Francis C. Grable and others, asking for the partition of a large number of lots in the Grable, Clifton & Liegafelter addition to Newark. Plaintiff says that he acquired an interest by purchase from Edward W. Crayton, trustee in bankruptcy of James F. Lanzafelter and from the sheriff in proceedings against Francis C. Grable and others.

Case is Compromised.
The case of Ohio Fuel and Supply company vs. William Hunter, Dwight Smythe and wife, Mary Smythe, William A. Hunter and William Yost, suit brought to condemn land to lay a pipe line, and which was commenced in the Probate court, has been

Will be Added to the Already Great
Exhibit at the Licking County
Fair, October 2 to 6.

Few people realize the importance of Licking county's exhibit in the state fair.

A prominent gentleman of this county and interested in our local agricultural board, in conversation with a gentleman of the state board of agriculture, developed a fact worth pondering over.

At the state fair for many years Licking county has led in exhibits in farm and garden products. Also in cattle, sheep, swine, poultry and horses in the latter alone every class from the heavy draft animal to the thoroughbred, Licking county has led.

It may do to say of other counties that the day of the county fair is over. It won't do in Licking county. Not as long as the immortal words of the late William McKinley still come down the corridor of time, "Fairs are the time pieces which mark the progress of the nations."

The field, the garden, the breeding pen and the paddock would lose much of their interest if the county fair in Licking county should close its doors. The present board and management feel sure that it is up to them to maintain Licking county in the front rank of agriculture and the propagation of the best strains of the useful animals.

Additional efforts are in the air this year. The fair will be better than any one held before. This year the Norfolk and Western railway will exploit the products of the country through which it passes. A Canadian exhibit will also make a remarkable display of cereals and fruits.

They will only add interest to our local exhibits. The Licking valley is an alluvial bottom of a primeval lake. It is situated in that ultra favored belt known as the corn belt in the north temperate zone, where "agriculture is supreme."

Licking county exhibitors do not fear any other exhibitor. She has no reason to and her exhibits this year will be those of the most fruitful year in her history. Do not fail to see them.

While other county fairs are going down a few figures as to the financial condition of the Licking county board will not be amiss.

Seven years ago, and subsequent to some of the hardest years in the history of such institutions, the board found itself struggling under a bonded indebtedness of \$8000 and an overdraft of \$1799.66. In round numbers it was ten thousand to the bad.

In the last four years the bonded indebtedness has been cut down to \$4500, and over \$1000 of betterments have been placed on the ground. This in giving each year cleaner and better exhibitions. No overdraft, and the interest paid up on the bonded indebtedness.

Little wonder then that the board have the confidence of the people.

There has been a rumor recently circulated that the agricultural board was about to relinquish the "old fort" and take the state encampment grounds.

The rumor was probably born of the fact that by the imagination of Columbus parties the encampment grounds had been practically abandoned by the state after Licking county had presented them at a cost of over \$25,000.

There is no truth in the story. The "old fort" was dedicated for the purpose of holding "county fairs." Should it be decided in the future to abandon the county fair, the land will simply revert to the original grantors and the title will rise to and be in those grantors' living descendants.

It is officially estimated that there are 182,750,000 acres of standing timber in British Columbia.

DICK-FORAKER FORCES CONFIDENT

(Continued from Page One.)
error Herrick is told in the recital of the events that led to the selection as temporary chairman of the convention. The ex-governor was very anxious to me made the temporary chairman of the convention. He made it a personal matter. He pleaded for votes. The temperance people of the party were against him and when the time came, seven votes were cast for General J. W. Keifer of Springfield, an. Daves as proxy from his district, voted for General Keifer. He felt that the temperance people should not be asked to hear Herrick tell his troubles again. The meeting in the dining room last evening is the first since the vote was taken.

DICK ALSO SCRUBBED.
Dayton, Sept. 11.—Much gossip has been caused in political circles by an occurrence in the dining room of the Algonquin hotel last evening. In which Senator Charles Dick and Col. and Mrs. Herrick were the principal actors. It was the almost absolute cutting of the senator by the Herricks and shows the ways of the former governor and the senator are now widely apart.

It was the first meeting in Dayton of the senator and the former governor. The senator was standing at the dining room door talking to an acquaintance as Colonel and Mrs. Herrick passed out from dinner.

As Mrs. Herrick passed the senator attracted her attention and extended his hand. With a frigid look, a barely perceptible nod and a slight touch of the outstretched hand, Mrs. Herrick passed on, while the former governor did not stop to shake hands, but with a very slight inclination of the head, followed Mrs. Herrick from the dining room.

GEORGE WILL GUIDE THEM.
(Communicated.)
I can see no need of your correspondent's "X. Y. Z." making so solemnly over the responsibility of the Licking County delegates to the Republican State Convention as to admonish them that "from the heights of yonder pyramids (of Egypt) the centuries are looking down upon them." No one need be concerned about these delegates as long as they have George B. Cox Hamilton among them, to give them all the light and knowledge and wisdom, and counsel and reproof and correction and instruction in righteousness that they need.

DROWNING
Of the Indiana Man Who Went East
To be Married Suggested
Foul Play.

Logansport, Ind., Sept. 11.—Telegrams announcing the drowning of John Flock at Harrisburg, Pa., have disclosed a romance and give rise to the fear that Flock was the victim of foul play. The suicide theory was at first entertained, because Flock, who is divorced, went there to marry Mrs. Marie Dye, a widow with four grown children, and it was believed she had killed him. The news of Flock's death was wired by Mrs. Dye's son.

Flock had \$200 and two gold watches with him when he left. It was said no valuables were on the body of the drowned man. Flock was 45 years old, and has been separated from his former wife two years. She now lives in Stockwell, Ind. The remains will be sent here.

IS MOXHAM DROWNED?
Sidney, N. S., Sept. 11.—Arthur J. Moxham of Lorain, O., his wife and two children, and the entire crew of the yacht Adelin in which they were cruising off the coast of Labrador are believed to have perished when the yacht foundered. It is supposed that the yacht came in contact with a submerged rock. Moxham from her home was associated with the development of the iron and steel industry. During the flood at Johnstown, Pa., he was president of the Johnstown Steel Co. and when thousands of distressed and destitute people were in a panic and everything was disorganized, he took hold and with a genius for organization, brought order out of chaos. Tom L. Johnson started the Lorain Steel company, and Moxham was largely responsible for the building of Lorain. The loss of the Moxham party are not believed to be true.

The Shah of Persia has a collection of ornaments, gems and precious stones valued at \$25,000,000.

There is no truth in the story. The "old fort" was dedicated for the purpose of holding "county fairs." Should it be decided in the future to abandon the county fair, the land will simply revert to the original grantors and the title will rise to and be in those grantors' living descendants.

SALVATION ARMY

Harvest Festival Sept. 15-18—Will You Help?—Look at Work Done by Army.

The converted infidel from Chicago who was in Newark Sunday and spoke at the afternoon tent meeting of the Salvation Army, pleased a large audience and brought forth from them many words of testimony and praise. In the evening, Rev. Mrs. Swartz, the well known evangelist spoke again and four persons came forward and five others signified their desire for the help of the officers and workers present. The tent meetings will close Friday night and all are urged to come to the meeting. The Rev. Mr. Bennett of the Fifth street Baptist church who was to have spoken again before the close of the service is detained by illness in his family in Philadelphia, and can not speak. Rev. Mr. Cosgrove of the Second Presbyterian church will deliver a sermon tonight.

Have you ever heard of a poor, troubled, sorrowful, perplexed, hopeless man or woman appealing fruitlessly to The Salvation Army? Do you know that something like 3,000,000 just such people are upheld by this wonderful organization? Do you know that in 23 different Homes fallen women are each year restored by the score to honor and a life of useful purity? Do you know that in three different havens little children, all the way from nursing babes to sturdy boys and girls, are being succored? Do you know that scattered over the country are 78 Shelters in which nightly some 9,000 homeless, often hopeless, men or women are cared for? Do you know that these institutions represent but a mere fraction of the charitable work successfully carried on by The Salvation Army in the United States?

How is this enormous expense to be met? Fools and ignorant know-alls will perhaps explain to you that The

Army is in and of itself a sort of bonanza class corporation, and of a truth it would needs be it out of its own resources it carried on the stupendous undertakings it dares. But the intelligent man or woman of today knows too well The Salvation Army under too many conditions, and through too many seasons to listen to such folly.

The Army just now is making a special effort to raise funds, and they are asking for not only cash but articles that can be converted into cash.

The annual Harvest Festival of the Army comes September 15-18. A display may be seen at the Hall, 47 North Fourth street.

Anything and everything of any actual utility may be given as an offering at this Festival, for what may not be locally useful may be of high practical value in less favored parts in the Army's national field. Remember the dates and be generous and you will have no regrets.

IN HIS SLEEP

The Murderer Tells His Wife How He Slew Her First Husband and Gets Life Sentence.

Sibley, Iowa, Sept. 11.—Because he talked in his sleep and told all about a murder which he committed, Charles Rocker has been sentenced to life imprisonment. There was no evidence against the murderer until the story he told in his sleep was investigated. When sufficient evidence to convict him was secured. Two years ago August Schroeder was murdered. Chas. Rocker, a farm hand, married Schroeder's widow some months afterward. Mrs. Rocker informed the county attorney that her husband talking in his sleep, had confessed to having murdered her first husband, even to telling where he had purchased the poison which he had administered.

The story was investigated and the purchase of the poison traced to Rocker. Schroeder's body was exhumed and traces of the poison found. Rocker was arrested immediately.

MISS EVA RANKIN

Becomes Bride of Mr. Stanley Brooks at Columbus—Has Numerous Friends in Newark.

Columbus, Sept. 11.—A very beautiful wedding was that of Miss Eva Rankin, daughter of Dr. and Mrs. Theodore W. Rankin, 451 East Town street, and Mr. Stanley G. Brooks.

The marriage was solemnized last night by Rev. Julius W. Atwood, rector of Trinity Episcopal church in the presence of nearly 200 guests, at the bride's home. The full Episcopal service was used.

The Rankin home was elaborately and artistically decorated with asters, ferns, goldenrod, marigold and daisies. The ceremony was performed before an improvised altar of palms and green foliage lighted with white candles.

The bride wore a beautiful gown of white radium silk, trimmed with real lace, and carried a bouquet of asters. She wore a locket set with diamonds, the gift of her mother.

There were two matrons of honor, Mrs. F. Everson Powell and Mrs. Carl Reynolds. They were charming in gowns of chiffon over green silk with green gloves and slippers.

The bridesmaids, Miss Helen Rankin and Miss Fannie Fullerton, wore chiffon over pink satin with pink gloves and shoes.

Mrs. Rankin, the bride's mother, was elegantly gowned in white silk embroidered mull.

Miss Helen Goldsborough of Pittsburgh, formerly of Newark, who was expected to be present was unable to be here on account of the illness of her mother.

The occasion was trebly interesting as it was the anniversary of the wedding day of the bridegroom's parents and the bride's mother's birthday.

After an Eastern wedding trip Mr. and Mrs. Brooks will make their home in Columbus.

PULL THROUGH, SMALL MARGIN

Both Cobb and Littlefield Win a Hard-Fought Battle.

RESULT OF MAINE ELECTION

Governor Will Have Less Than 8,000 Plurality—National Interest in Littlefield's Campaign on Account of Opposition of Labor Leaders. Other Contests Close.

Portland, Me., Sept. 11.—The Republicans of Maine elected a governor, all four congressmen, and maintain control of the next legislature, but they sustained heavy losses in pluralities from the head of the ticket down. Both Congressman Littlefield and Governor Cobb attribute the almost unprecedented slump in the Republican plurality to the general dissatisfaction created by the Sturgis bill, passed two years ago, for the purpose of enforcing the prohibitory laws. Cobb's plurality is estimated at between 7,000 and 8,000.

Cyrus W. Davis of Waterville, the Democratic candidate for governor, polled one of the largest votes in the history of the party in this state. His issue was the resubmission of the liquor question, which was incorporated in the state constitution four years ago.

Congressman Charles E. Littlefield (Rep.) of the Second district was re-elected by a greatly reduced plurality, estimated from 1,000 to 1,500.

Samuel Gompers, president of the American Federation of Labor, asked for Littlefield's defeat on the ground that he voted against certain labor measures at the last session of congress. The issue between Gompers and Littlefield was taken up by the Republican congressional committee and for three weeks the district was the scene of a hard fight in which Secretary of War Taft, Senator Lodge and Senator Beveridge, Speaker Cannon and several congressmen were pitted against the head of the Federation of Labor.

Congressman Edwin C. Burleigh of Augusta (Rep.) was re-elected in the Third district by an estimated plurality of 2,000, and Congressman Powers of Houlton (Rep.) in the Fourth district by a plurality estimated at 2,000. The re-election of Congressman A. L. Allen in the First district is claimed.

UNDER INDICTMENT

Are Two Detectives Who Figured in Hartje Divorce Case.

Pittsburg, Pa., Sept. 11.—Herman G. Staab and John Anderson, private detectives who figured in the Hartje divorce case and testified for Augustus Hartje that they broke open the trunk of Thomas Madine, the coachman and one of the co-respondents in the case, and in that way procured some of the letters alleged to have been written by Mrs. Hartje, were indicted by the grand jury on the charge of entering a building with intent to commit a felony. Madine alleged that his trunk was robbed, but denied that the letters were in it. He charges that the two detectives took other valuable articles.

MR. BOWERS' CLOCK

Over 200 Years Old Having Been Brought From Europe 125 Years Ago.

Possibly one of the oldest clocks in the country is in the possession of George F. Bowers of East Main street, and is kept by him in the office of Bowers and Criss Bros. The clock is of the "grandfather" variety, and is shown to be over 200 years old. Mr. Bowers has received flattering offers for the grand old timepiece, but steadfastly refuses to part with it at any price.

The history of the clock shows that it was brought to this country 125 years ago from Germany, where it was made about the year 1704, and was in the possession of the grandfather of Mr. Gibson Cochran, one of the older residents of the community south of Gratiot, who, before leaving for Council Bluffs, Iowa, several years ago presented it to Mr. John Bowers, father of Mr. Bowers of this city who at his death presented it to his son, who now possesses it.

The historic old relic of ancestral days is of three kinds of wood, with the most elaborate hand carving upon it, making it highly valuable for its reason alone. The dial contains the days of the month, with the third hand and the works are of the very best, having kept accurate time up until only the past few weeks, with only an occasional overhauling.

The outer casing of the clock is highly stained and polished, but of course testifies well to the age of the relic. Mr. Bowers is very proud of the timepiece and it is preserved by him, just as it was before it crossed the water 125 years ago.

PALMA TAKES FIRMER STAND

He Will Not Yield an Inch to the Cuban Insurgents.

VETERANS ARE DISAPPOINTED

Demands of Rebels Scorned by the Government—All Offers of Amnesty Revoked and Constitutional Guarantees Suspended—Many Liberal Leaders Placed Under Arrest.

Havana, Sept. 11.—The Cuban government scorns the proposition of the rebels, and President Palma has taken a firmer stand than ever.

President Palma decreed the suspension of all constitutional guarantees and revoked all offers of amnesty. Many Liberal leaders are being arrested.

For a while peace prospects were more hopeful. This condition was the result of the arrival of one of the peace commissions which visited the insurgent leader Pino Guerra in Pinar Del Rio province with the news that Guerra informally consented to a suspension of hostilities pending negotiations.

The clouds which appeared to be breaking with the announcement of this news gathered again within an hour when it became known that at a special meeting of the cabinet, attended by President Palma, Vice President Mendez Capote and all the members of the ministry, it was decided to declare off all peace projects. It was agreed that the government could not consider the propositions of the Liberals, the main features of which are that President Palma shall resign and that the vice president and members of the cabinet shall do likewise, or that a new general election shall be held.

Members of the veterans' peace committee, when informed of the cabinet's action, expressed great disappointment, and said they would hold a meeting and if nothing is agreed on then they will give up their efforts.

Immediately after the close of the cabinet meeting Vice President Mendez Capote declared that the government never would consent to such terms, but that it would fight to the end.

Y. M. C. A. NOTES

The art of show card writing will be taught by one of the most competent instructors in this branch of commercial mechanics in the United States.

A series of lessons in rapid show card writing has been adopted and a class will be formed of as many as desire to learn the art of making neat and tasty window signs and tickets.

An invitation is extended to all who are interested in this or any other course of study, to call at the Y. M. C. A. and learn the details of this course and the evening school work.

Great interest is being shown in the evening school which starts October first. The enrollment this year will be far above any previous year. Classes are provided for clerks, mechanics, masons, plumbers, employes, boys, foreigners, and all classes of apprentices.

Another innovation in the association this year will be a series of popular entertainments for \$1.50. A high classed course at very low cost will make the course very popular this year. Those interested are advised to secure course tickets at once as only a limited number will be sold.

Million in Scrap Iron.

Washington, Aug. 11.—The sale of 2,200 tons of cast iron junk on the isthmus of Panama for \$50,000 recently encouraged the canal commission to believe they had a small fortune in worthless machinery purchased from the French Canal company. The lot of scrap iron sold was assembled from a few acres of ground which Chief Engineer Stevens found it necessary to clear in order to construct new switching yards for the Panama railroad. One of the officials of the canal commission said there were 50 miles of ground strewn with similar machinery. He roughly calculated that when this machinery is gathered up it will be worth \$1,000,000 or more.

ACCUSER TETLOW DID NOT APPEAR

TRUSTEES OF THE DEAF AND DUMB ASYLUM INVESTIGATE WITHOUT HIM.

Ohio Man Hurt in Wreck in West—U. V. L. Encampment Meets in Columbus.

Columbus, O., Sept. 11.—The trustees of the State Institution for the Deaf and Dumb held an investigation of the charges preferred against Superintendent J. W. Jones by James B. Tetlow, a former employee of the institution, who was discharged. Tetlow's charges were filed with the governor, who referred them to the trustees. Tetlow refused to appear before the trustees, declaring that the charges reflected on the trustees as much as on the superintendent, and that they would be sitting in judgment on their own case. He said he would insist on the charges being investigated by the state board of charities.

The trustees examined a large number of witnesses, most of them employees of the institution, and announced that their report would be filed with the governor, probably Friday. Superintendent Jones took the stand in his own behalf and denied Tetlow's charges in detail. Various persons accused of having received gifts of flowers from the institution were examined and all denied the charge. The witnesses all spoke in the highest terms of Superintendent Jones and praised his management of the institution.

Ohio Man Hurt in Wreck.

Santa Barbara, Cal., Sept. 11.—The second section of train number 10, southbound on the Southern Pacific coast line from San Francisco, was wrecked at Sea Cliff, 20 miles south of Santa Barbara, and 27 persons were injured, two of whom may die. Among the injured was W. W. Hoffman of Lorain, O., head cut and injury to right hand and arm. Some part of the engine broke and dropped on the ties, causing the engine to leave the rails. The baggage car and four coaches followed and toppled over and slid down the embankment. There were no sleeping cars on the train, those injured being occupants of the day coaches.

U. V. L. Encampment.

Columbus, O., Sept. 11.—Delegates and visitors came in large numbers to attend the national encampment of the Union Veteran Legion, and will remain the larger part of the week. The principal meeting will begin Wednesday morning at Memorial hall, but preliminary committee meetings and conferences were held Tuesday. The big parade will be Wednesday and the joint campfire will be Wednesday night, at which the most prominent persons in the Union Veteran Legion and in the Grand Army and their auxiliaries will speak. Chorus by the old soldiers will be sung, and a program of great merit be followed.

SECRET RECORDS

Of Dead Teller Reveal Further Looting of Chicago Bank—New Forged Notes Discovered.

Chicago, Sept. 11.—Secret memoranda covering illegal transactions in the Stensland bank were found by Police Inspector Shippy among the effects of Frank Kowalski, the teller, whose suicide followed closely the exposure of the bank's condition.

The record kept by Kowalski, it is alleged, indicates apparently that in less than a year Henry W. Hering, the imprisoned cashier, personally obtained \$110,800 of the money of depositors by the same means adopted by Stensland in his systematic looting of the vaults. In four months, by the use of "cash tickets," which he placed in the drawer, he obtained \$6,000 more, according to Kowalski's schedule and in another month \$5000.

The discovery of Kowalski's telltale figures was a result of the opening of a wooden cupboard in one of the vaults that had remained unnoticed since Bank Examiner Jones took charge of the institution, August 4. When it was forced open in the presence of Attorneys Joseph Weisenbach and Jacob W. Loeb, representing Receiver Petzer, a large bundle of forged notes, the existence of which had not been suspected, and which will increase materially, it is believed, the total amount stolen from the bank, was found. In addition, there was a memorandum in the handwriting of Henry W. Hering, which tallied closely with the memorandum of Paul O. Stensland's forgeries which he left behind when he fled from Chicago. One of the new forged notes was for \$25,000.

Presages Democratic Victory.

Portland, Me., Sept. 11.—The Democrats of the state say the result of yesterday's election presages a general movement toward the Democratic party which will culminate in a national victory in 1908. Governor Cobb, Republican, was re-elected by a small majority. Congressman Littlefield's small majority of 1100 is accepted by the labor leaders who fought him as a moral victory. They assert they will keep up the struggle and defeat Littlefield if he is re-nominated.

"Money's No Account Until Used"

is a proverb often quoted, but it does not lessen the foolishness of throwing it away, especially when there is one thing that is sure to come—old age, and that, without a cent, and then what bitter thoughts arise when we find ourselves a dependent.

The only time to do anything is NOW—the great glorious NOW—when all things are going our way, with money plentiful and hopes high, then is when we should commence to save.

Let us help you to be independent.

KANSAS CASE BEFORE MAYOR

LIGHTWEIGHT PUGILIST ADMITS HIS GUILT AND IS SENT TO PRISON.

Bicycle stolen from James Fullen and Thief is Known—Police Court News of Day.

The case against James Cansas, the California lightweight pugilist, who made things very interesting and exciting for several Newark people, including a half dozen officers Saturday night, was closed in police court Tuesday morning. Cansas when brought before Mayor McCleery, pleaded guilty to two charges of assault.

He admitted that he assaulted Officer Charles Bader. The fine in this case was \$5 and costs and 13 days in jail. He entered the same plea in the case in which he was charged with assaulting Charles Ridenbaugh, and the same fine and jail sentence was assessed.

Charles Ridenbaugh, Cansas' victim, was arrested last night by Captain Bell and officers, and was charged in police court with fighting. It seems that Ridenbaugh did but little fighting, being compelled to leave that to his friend from the Golden West. His face was badly beaten. After Cansas' case was disposed of Ridenbaugh was dismissed from custody, he having been held as a witness in the case.

David Luellen, a Pittsburg man who journeyed all the way to Chicago to get a job, was arrested Tuesday morning by Officer Roberts of the P. & O. on a charge of train riding. He failed to get his job in Chicago and without looking further he started on his return trip. Mayor McCleery gave him a steady job for a couple of weeks on the stone pile.

James Fullen, a clerk employed at

Murphy's grocery, on West Main street, had a wheel stolen from the sidewalk in front of the store Monday night. The thief was seen going away with the wheel and was recognized, and unless the bicycle is returned at once, the case will be prosecuted. The police have the name of the man who stole the wheel and are looking for him.

GIRL KILLED LAST EVENING ON PANHANDLE

Before warning could be shouted to her, Miss Nellie Newcome, aged 16 years, and daughter of Mr. and Mrs. Stanton Newcome of Trinway, was struck by east bound freight train No. 8867 on the Pennsylvania lines at Trinway at 6:30 o'clock Monday evening, and instantly killed. The girl failed to hear the fast approaching train, which was running at the rate of 35 miles an hour.

The body of the girl was thrown 50 feet in the air and across the two tracks of the road. She was picked up dead, her neck being broken.

Miss Newcome was on an errand from her home, going to the grocery. She was running at the time and if the train was seen it is believed she thought she could get across the tracks without endangering her life. Coroner A. H. Gorrell of Zanesville, was summoned to Trinway to view the remains.

COREY-GILMAN.

New York, Sept. 11.—Persistent reports are going the rounds here today that Wm. E. Corey, the millionaire steel man, and Miss Mabel Gilman, actress, are to be married soon in Paris.

Philadelphia and Reading Coal and Iron company's 39 collieries near Mahanoy Pa., idle since Sept. 1, resumed operations.

MRS. TRIGGLE HURT

Mrs. Linda Trigg of Toulon, Ill., while out driving Monday afternoon near Jacksonville, met with an accident which resulted in a dislocated wrist and a badly bruised hip for the unfortunate woman.

The horse which was being driven by Mrs. Trigg frightened at a covered threshing machine on the farm of Jos. Tooner. Mrs. Trigg's cousin, Mrs. Charles Tabler, endeavored to control the animal, but it reared backward landing in the buggy which was upset, throwing Mrs. Trigg to the ground. The horse rolled into a ditch at the roadside. The buggy was badly damaged.

Mrs. Trigg was taken to the home of Louis Boring, at Thornville, where surgical aid was summoned.

"BLACK HAND"

Is Suspected in the Murder of an Italian by a Brother Countryman, Who Escaped.

Huntington, W. Va., Sept. 11.—Officials of this county believe that the "Black Hand" is getting in its work here. Yesterday an unidentified Italian, who arrived yesterday at the railroad camp of Tonney Russell, at Barboursville, pulled a revolver and began firing into a group of workmen. He killed Janetta Rossi, aged 13 years, and badly wounded Luna Nura, aged 26. He swore as he made a break for liberty that he had been sent to this country to kill two men. As he ran toward the woodlands several Italians fired at him but missed. He has not been captured.

GIRL LOSER FINGER BECAUSE OF WOUND MADE BY HAT PIN

Vandalia, Ill., Sept. 11.—While adjusting her hat to her head, Miss Ola Coleman ran a hat pin through her finger, the injury later becoming so serious that the member had to be amputated.
